

FD Implications for Emerging Local Plans & Planning Application Responses

For the 7 WRC growth schemes with 0 funding, we proposing the following planning responses:

o Planning Applications:

- Holding objection issued until the business decides whether these schemes will progress in AMP8
- Timeframe required to respond with holding objection. When will this decision be made?

o Local Plans:

- Advise growth should be phased to later in the plan period OR object to growth in the catchment until a business decision is made on whether the schemes will progress in AMP8
